**THE ANNUAL REPORT OF THE CEMETERY  
COMMITTEE  
Year 1964**

---

Committee Members;  
H. Marshall Budd, Chairman  
Daniel L. Trudelle, Treasurer & Sexton  
Roscoe E. Stone

**April 21st**

A meeting of the committee with the selectmen was called in the town hall with Trudelle and Budd present of the committee.

The following Business was transacted.

H. Marshall Budd was to serve as chairman for the year, and Daniel L. Trudelle as treasurer.

It was discovered that the sexton did not have any of the maps of the cemeteries of the town. The only maps that he has are those that he has made since he became sexton.

Mr. Budd was asked to inquire about the old maps and try and locate them.

The committee discussed the price of lots and the price that should be charged for Perpetual Care, but no decisions were reached.

The selectmen were asked to arrange with Robert Baker the owner of the property for the right of way for a road to the cemetery property in back of the Graniteville and Pine Grove Cemetery. They will call a meeting for the signing of the deed.

### January 26th

The Cemetery Committee met with the selectmen in the town hall for the transaction of the following business. Present were Budd, Trudelle and Stone.

Voted to ask the town to raise and appropriate \$1,000. for the mowing and upkeep of the five cemeteries of the town of Marlborough.

Voted to ask the town to raise and appropriate \$1000. for the purpose of cleaning the land and bull-dozing the New Cemetery property in back of the Pine Grove and Granite Cemeteries in preparation for the sale of lots.

After a study of the trust funds and the amounts available each year for perpetual care it was discovered that it ranges from \$50 to \$200. And that several lots do not have any perpetual care.

It was voted to increase the price of cemetery lots from \$35. to \$100 for a four grave lot, or \$200 for an eight grave lot.

It was also voted to increase perpetual care for each cemetery lot to \$200. This would make money available to mow the grass and care for the lots.

Mr. Trudelle asked to cut the timber in the new cemetery this winter so that the brush could be piled and easily burned.

Mr. Trudelle asked about the old iron gates at the entrance of the pine grove cemetery. Mr. Budd was asked to see Mr. Ogilvie about selling them.

H. MARSHALL BUDD,  
President  
EDWIN F. TRUELLE,  
Treasurer and Sexton  
ROSCOE E. STONE,  
Cemetery Committee

## FIRE WARDS REPORT

---

The Marlborough Fire Department answered 14 still alarms, 6 general alarms, 9 Mutual Aid calls, 3 resuscitator calls, and 1 call to hunt for missing persons. We received Mutual Aid twice during the year.

This year the Fire Company bought 1 stretcher for our emergency wagon for \$47.00 and 2 more home monitors at \$40.00 each.

We wish to thank Mr. Sayward Farnum for the donation of \$375.00 for the purchase of a new portable 2 way radio.

The fire wards wish to thank the members of the Fire Co., the Selectmen, citizens, Local Police, and the State Police for their fine co-operation during the past year.

## REPORT OF RECREATION COMMISSION

---

We were fortunate during the past summer to have had Robin Beauregard with us again as playground supervisor. He was ably assisted by Pauline Whippie. Both of these local young people have strong leadership qualities and offer a sound program to our young people.

During some of the winter months an indoor program was offered for adults under the direction of Phil Nelson. This proved popular with a reasonable number of persons and is being offered again in 1965.

This year we gave financial assistance to the Little League and helped to pay the costs of transportation for those boys and girls who took Red Cross swimming lessons. Both of these programs appear to produce very worthwhile results.

We are aware of the need for toilet facilities at the athletic field and this needs to be planned for, but with present costs so high in many town departments it seems wise to wait as the installation and construction would involve considerable expense. Some work also needs to be done this coming year in restoring the surface of the field.

The members of the Commission realize that they owe much to many persons for favors done in helping to keep the various phases of our program going. We take this opportunity to thank all of those who have given us assistance.

Respectfully submitted,

OMER DUMONT,  
IRVIN H. GORDON,  
RAYMOND J. HUOT,  
PHILLIP C. NELSON,  
FRANK T. ROBINSON,

Commissioners

## 1964 MARLBOROUGH SUMMER PLAYGROUND REPORT

---

Once again the program was run by Robin Beauregard ably assisted by Pauline Whippie.

The playground ran six weeks, from July 6, through August 14th., open daily from 9:00 A.M. to 12:00 P.M. in the morning and 1:00 P.M. till 3:00 P.M. in the afternoon.

Games of high organization were again popular with the older group while games of low organization as well as quiet table games were enjoyed by the younger group.

Tournaments were held in clock golf, checkers, chess, badminton and horseshoes. One day a week was spent at Harrisville's Sunset Beach. The last day was the highlight of the summer with relay races, games with prizes, ice cream, and in general a good time.

The 119 registered children in 1964 was slightly higher than the number registered in 1963. We hope that this number will again be increased in 1965.

Respectfully submitted,

ROBIN BEAUREGARD,

Supervisor

# REPORT OF POLICE DEPARTMENT

For the Year 1964

---

The yearly report of the Police Department, released by the Chief of Police is as follows:

We investigated 42 accidents, 1 highway death, 132 complaints.

We worked with the Sheriff's Department concerning breaking and entering and stolen property. Some of these are still being investigated.

Made three trips to the State Hospital.

We had one drowning at the Quarry. Looked for a lost hunter one night and he was found the following morning. Found two children who were lost for two hours in the woods, with the help of the Fire Department.

We investigated juveniles breaking glass in vacant buildings. We had many complaints about dogs that were not tied in the summer months. We investigated five complaints of dogs biting children.

The quarry will be posted again this year.

Respectfully submitted,

ERNEST THOIN,

Chief of Police

## ANNUAL REPORT OF THE FROST FREE LIBRARY

---

To the president and trustees of the Frost Free library, the librarian submits the following report for the year October 1, 1963 to September 30th, 1964.

The library was open 150 days and 21 days for Story Time. Attendance at Story Time was 333.

Circulation of books, pamphlets and magazines:

Adult Fiction	3081
Adult Non-fiction	2611
Mag. and pamphlets	1378
Juvenile Fiction	3219
Juvenile Non-fiction	656

Total	10,945
-------	--------

an increase of 845

Special requests to the State Library have numbered 120 from which we received 110 books.

We have borrowed 2098 books from the State operated bookmobile, of this number 817 were adult books and 1281 were children's.

We have loaned 581 books to the elementary school for class room use.

There were 225 books added to our collection 63 of which were gifts.

### HIGHLIGHTS OF THE YEAR

Our library was hostess to a Region meeting of the New Hampshire Library Association. This was an all day meeting at which time the State Library Program was explained by Mrs. Mildred McKay, State Librarian. The

luncheon speaker Mr. Gaines, a representative of the National Library Association gave an informative talk on censorship.

Your librarian was asked to serve on a panel at the Regional Meeting of Superintendents and Principals at which time the topic of discussion was Public Library and School Cooperation. In our town we have had very rewarding experiences and it was my pleasure to share them with others, so interested.

Our library was hostess to a regional New Hampshire Library Trustees Association meeting. Your librarian participated in this meeting at the request of the State Library to pose as a member of a mock council. The Council will be a very important working part of the State Wide Library Program. Mr. Allen also explained how the Federal Aid money would be used to start the State Wide program since our State Legislature did not raise the money to impliment the program. It is hoped that the money will be raised at the next session.

Your trustees and librarian were invited to attend a meeting in Concord to hear discussed in detail how the Federal Aid money to the state for building purposes will be spent. Other topics discussed were 'How to engage and work with an architect' and 'How to make plans for a building program.'

For the first time in the history of our library we were privileged to sponsor an author tea. Miss Shirley Barker, N.H. author who is now serving on the State Library staff as library consultant, made this program possible. This event was the highlight of the year.

Your librarian has shown movies, spoken and taken book displays to local meetings. We have been hostess for the Cheshire Book Group of which we are a participant. We also held a coffee hour for the teachers so as to discuss our service to the school.

This has been a busy year for us. I am most appre-

ciative of my most faithful assistant, Mrs. Robert Bennett. It would be most difficult for me to carry on the many duties as librarian without her able assistance. Mrs. Arthur Knight conducted Story Time again this year. Carol A. Symonds, Ann Grover and Cynthia Clark, members of the Future Teachers of America organization assisted.

This program has received praise from many parents as well as children. We are indeed fortunate for their untiring interest which makes this service possible.

To be of service is our pleasure. We are constantly seeking ways to give you better library service. Your librarian has followed the step by step planning of the State Wide Library Development program. The question foremost in my mind in accepting the program for our library will be, "How will our patrons benefit from this program?", keeping in mind potential patrons as well, I'm sure there are many who for various reasons do not use our library. It is with great anticipation that I look forward to the coming year with the preliminary planning and launching of the long talked about State Wide Library Program.

I wish to take this opportunity to publicly thank Mrs. Howard Croteau and Mrs. Ralph Williams for their loyalty and dedication as trustees, for the support of our library in the community. Many patrons have expressed their appreciation for the increased number of new books on our shelves as well as the anticipation of the film projector and the services it will make possible.

August 26, 1867, the day when our library was formally given to the town as described in the Bemis History certainly was an all out effort on the part of the towns people to show their appreciation to Mr. Rufus S. Frost for his most generous gift to the town. Mr. and Mrs. Arthur Knight, chairman of the Centennial Committee are making plans to perpetuate the remembrance of this day. If the success of the summer auction is a sample

of the present day appreciation of our library we can look to our 100th birthday as the greatest celebration in our towns history.

Our library is in dire need of space. If you follow the reports you will find we are a growing institution. Our services have increased. The circulation figures are on the gain despite the fact that population figures remain about the same. We have been fortunate to have had dedicated trustees and librarians through the years who have given their time to keep our collection organized and catalogued. One wonders how this was possible on the limited budget, however, the pressures of the day are on us we must up-date our collection in all areas. Lack of space has put our collection in a haphazard order thus cutting down our efficiency as well as the accessability of our collection to the patrons.

At this time I would like to recommend that a thorough study be made as to the possibility of an addition to the present library building and an ample parking lot.

Respectfully submitted,

CORINNE F. NASH,

Librarian

## MARLBOROUGH COMMUNITY NURSING ASSOCIATION

---

### Annual Report of Town and School Nurse January 1, 1964 through December 31, 1964

This has been another rather quiet year as far as the town calls are concerned. The greatest number of calls have been free calls, a service for which this Association was originally organized, I believe. My report is as follows.

Total number of calls	411
Calls at \$1.00	143
Calls at \$1.75	22
Calls at 50c	106
Calls at no charge	140

Total collections were \$118.50 leaving a balance uncollected of \$87.00.

In the schools work is still going on. This report will cover the current school year from September to the present date.

Total number of children examined by school physician (this includes all team members) 144.

#### Defects found and reported to parents;

Heartmurmer	4	Blocked nasal passage	2
Enlarged tonsils	3	Rapid heart beat	3
Enlarged glands	4	Excess wax in ears	11
Inflamed gums	2	Cavities in teeth	30

Total number of children checked by school nurse 387 (height and weights and eye screening tests). Defective eyesight found and reported to parents — 19.

No epidemics have been reported here as yet except the usual rounds of colds.

In regard to our Stern needle testing program which was started last year; we hope to get our requests for permission to test the first, fourth, eighth, and twelfth grades for the first part of February. T. B. is still killing many people every year. We hope for your cooperation to keep it in check in this area. This program will assure you that your child will be checked for this disease at least four times during his school life. Good insurance against it, we feel. I thank you for your cooperation in this past year.

Respectfully submitted,

MARGARET A. FORD, R.N.,

Town and School Nurse

## REPORT OF PLANNING BOARD

---

The Planning Board voted to meet the third Monday of each month at 7:30 P.M. in the Municipal Building. We met more frequently, depending on the need, except July and August. We voted to notify the Selectmen of any recommendations growing out of our discussion and studies.

During the year we acted as a steering committee for the Walter E. Buckminster Testimonial, in which the entire community participated successfully. We also, because of lack of Town voted funds, acted as a steering committee for the Town Christmas decorating plans. This also, was a successful venture, considering the short time element that was involved. Here, again, the civic groups and individuals, particularly our young people are to be complimented for their fine efforts. Alden Beauregard has carried the full responsibility of this task many years and marvelously so. He provided invaluable knowledge, guidance, and labor to this year's effort. We appreciate the good news coverage that the Town received in both of these outstanding projects. We hope the community spirit and pride aroused will prevail and bring forth greater achievements another year.

Continued work and study is in process for recreational facilities to be developed on certain Town properties. Part of this study pertains to eliminating pollution from brooks and the river in the Township, also preservation of our natural resources. It is hoped that the State Department of Economic Resources and Development will provide greater help in this than they have to date. We are still awaiting an aerial map of this area from the State. The desire for an Old Home Day has been shown. In conjunction with this, a representative from the

Grange and the Board went over the Picnic Grove as a possible site, once some areas have been cleared. The Board has also walked over and observed some other Town properties in the overall study, also has studied additional water supply sites.

Under consideration is a program for promoting the Town, its people, services offered, and facilities. We propose a brochure be developed which can be given out in our Town, Monadnock Regional Association office, and various State promotional booths located in other states.

The Planning Board has completed work in providing the Lions Club with an approved list of all street and road names of the town. As soon as the signs have been received they will be erected. This gift will benefit the entire community, and our thanks go to the Monadnock Lions Club in this continued project.

The Planning Board makes the following recommendations, to provide a more efficient, beautiful, and pleasant community:

1. A tree replacement program.
2. Development of certain Town properties for recreation, as picnicing, camping, sports, or just enjoying natural beauty, of which we have an abundance.
3. Clean-up Week, Spring and Fall.
4. An indexed file be established, to include; 1) accurate detailed description of each parcel of property and assessed value thereof. 2) Upon issuance of required building permits, a copy thereof be placed with the appropriate file card. 3) Pertinent water department information. 4) Poll and Head tax cards.
5. An office of Building Inspector be established and a person appointed to the office. This officer to issue building and remodelling permits.
6. Enforcement of Article 5, Section 5 of existing ordinance by Board of Selectmen.

7. Closer adherence to present ordinances on the part of citizens of their own volition.

Respectfully submitted,

## MARLBOROUGH HISTORICAL SOCIETY

The need for a local historical society has been prevalent for several years. A great deal of interest was stimulated by the 1962 National Library Week Committee under the chairmanship of Mr. Bernard Silk. They arranged a display of articles at the library of local historical significance. Since that time citizens have been asking, "What will become of those articles displayed?" Likewise, the owners of these articles have been asking, "To whom shall I give these articles that so aptly depict the history of our town?"

Feeling somewhat responsible I asked Mr. Laurence Conant, chairman of the 1963 National Library Week Committee to include a program of historical interest so that we might explore the possibilities of organizing a local society. At this time, I took the responsibility of appointing Mr. Oscar Croteau to preside as temporary chairman. Mr. Croteau asked Mr. Robert Bennett to assist

him. There were no formal meetings until April 1964. However, during this interval, Mr. Croteau and Mr. Bennett, organized and made ready a tape recording of local history to be used at a meeting with the citizens to discuss the aims and purposes of a local society. This meeting was held June 4th, 1964. The following citizens were present and spoke favorably of forming a local historical society:

Rev. Marshall Budd, Mrs. Inez Mahon, Mrs. Mary Whitney, Mrs. Alice Bullock, Mrs. Mabelle Page, Mrs. Helena Croteau, Miss Joan Beaudoin, Mr. Alden Beauregard, Mr. and Mrs. Robert Bennett, Mrs. Corinne F. Nash, Mr. and Mrs. Norman Collins, Mr. and Mrs. Robert Sawyer, Mr. and Mrs. Charles Porter, Mr. and Mrs. Ralph Pierce, Mr. and Mrs. Clifford Richardson Jr., Mr. John E. Lougee, Mr. and Mrs. Ernest Flint, Mr. Oscar Croteau, Mrs. Alfred Beauregard.

The tape entitled 'PEOPLE, PLACES, THINGS' was played, consisting of conversations by Mr. Oscar Croteau with Mr. Harry Bemis, Mr. Charles B. Knight, Mrs. Carrie Clark and Mr. and Mrs. Ernest Flint, pertaining to old families and interesting events in our town's history.

The official charter was recorded with the State Sept. 25, 1964. The aims and purposes of the society are:

1. To promote interest, present and future in the historical and cultural background so richly inherited from our early settlers.

2. To collect and preserve all articles, papers and special gifts of historical importance.

3. To develop within our township, a fellowship that will endure through a better future, resulting from a more thorough understanding of the past.

Meetings will be held the fourth Tuesday of each month unless otherwise voted. Notice as to place and program will be posted in the Sentinel. Membership dues—\$1.00 single—\$1.50 for a couple.

Donors to date are: Mr. and Mrs. Harry Bemis, Mrs. Elizabeth Jackson, Trustees of the Frost Free Library.

## REPORT OF PRINCIPAL OF MARLBOROUGH SCHOOLS

---

To Roger L. Sundstrom, Superintendent of Schools:

Following is a report similar to the ones which it has been customary to submit covering school activity for the preceding twelve months. I shall attempt to be brief and to stress only the major phases of school life. Citizens tell me that this type of report is enlightening to them. I shall first show an enrollment table comparing the present year with the last one.

### Comparative September Enrollments

Elem. Totals		100	100	200	103	104	207	—7
Grand Totals		205	192	397	199	201	400	—3

Since September we have enrolled a total of 16 pupils in all grades and 14 pupils have left our schools. A look at the present totals shows little real change but census figures indicate higher enrollments as new pupils enter school and move up through the grades. Our buildings are now adequate in space to accommodate the programs being offered with some room for increased numbers.

### Personnel Changes

There are two new teachers working in the elementary grades. Mrs. Gail Maynard, a 1964 graduate of the elementary training program at the University of New Hampshire, replaced Mrs. Churchill and Mrs. Mary Murray was hired as an additional teacher to reduce the size of some of the larger grades. We now have no elementary teacher working with more than thirty pupils and most have twenty-five or fewer. In grades 1-6 there are six straight grades and three combination rooms.

In grades seven through twelve there were three teacher replacements and one additional teacher hired. Miss Donna Cimics, Keene State College '64, replaced Mrs. Betty DiGiulio. Mrs. Helen Jewett, an experienced University of Vermont graduate, took the position left vacant by the resignation of Lewis Major and Mrs. Winnifred Seaver succeeded Mrs. Astrid DiMeco. Mrs. Seaver is a graduate of Bates College and has several years teaching experience. Richard Collins, a 1964 graduate of Keene State College, was hired as an additional teacher to enable us to offer some more courses.

We have a competent staff which will compare favorably with similar groups anywhere. The teachers are interested in activities of the pupils and in general give freely of their time to assist in directing them.

There have been no major changes among other employees with health service, lunchroom workers and office staff remaining the same. A minor change in the

custodial force occurred with the hiring of John Lovering, a senior, to assist with the cleaning in the afternoon.

### **Program and Curriculum**

As stated in my most recently published report, we are constantly making adjustments in our curriculum to meet changing needs and to be compatible with standards set by our state department. This year saw further expansion in the areas of mathematics, science and social studies. We continue to offer a total program which satisfies the requirements for certification as a comprehensive school.

Some of the additions to our offerings are intended to increase the learning opportunities of the non-college bound student. It should be emphasized again, however, that the high school is an educational area intended to provide general knowledge and is not expected to give a terminal type of education where no further training is required to produce skilled craftsmen.

The construction of new space during the past year enabled us to move a section of grade six to the high school building thus making room available to reduce the number of pupils in some of the larger grades. By the addition of one elementary teacher we have all grades within acceptable enrollment standards.

In some areas we are working with ability grouping which is favorably regarded in educational circles. The trend is to do more and more of this type of organizing even to the point where some progressive systems ignore grade placement almost entirely and cause pupils to advance at whatever rate they are able to move. This practice is considered extreme by many and its adoption as a universal practice is far away but it is food for thought nevertheless.

We are moving toward a program of Modern Math. In fact, some is being taught in several areas even though no particular program has been adopted for our school

system. The pros and cons seen in evaluation of the several available programs make it appear wise to proceed slowly before making the outlay of money necessary for adoption of any particular one. Meanwhile our staff members are taking courses and becoming familiar with the concepts involved.

Our elementary program in music is showing the results of the efforts expended of late, particularly in the instrumental field. We are hoping to be able to have a small marching band in the not too distant future.

The Outdoor Education program at Camp Union will continue this year and will be partly supported by district funds this year for the first time.

### **Athletics**

The teams representing our school in interscholastic sports have done exceptionally well in all sports, the major achievement being the winning of a fourth consecutive state championship in baseball last spring. Currently the basketball team is enjoying a good season and may do well in the coming tournament.

Equally satisfying, however, is the increasing interest being shown in intra-mural sports. In this program we are getting a very high percentage of pupil participation.

We need to look next to broadening this type of program in girls' sports as inter-school rivalry tends to be de-emphasized. This trend is general and more and more schools are not sponsoring this type of competition.

### **Class of 1964**

Twenty-four students were graduated in June. Of these ten entered four year colleges, one went to a two year school, two joined the armed forces, six are gainfully employed, four are married and one is still at home with plans for future education.

### **The Plant**

At the time of my last report there was a request ready for the voters asking for more space. This plan was approved and construction began in mid-March to provide the space needed and outlined in the 1964 report. This space has made the operation of our program much easier and has increased educational opportunities extensively. Many aids to teaching have been acquired and installed. We urge the public to visit us particularly when school is in session so that our program can be seen with students participating.

### **Conclusion**

As I conclude this report I express my thanks to the many, many persons who have cooperated to make educational opportunities available to our youth at all levels. To attempt to enumerate all individuals or groups would be impossible but the support which has been given us serves as a stimulus to all involved to continue our efforts with determination to do the best possible job.

Respectfully submitted,

IRVIN H. GORDON,

Principal

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

To the School Board and the Citizens of Marlborough:

I hereby submit my third annual report.

No attempt will be made here to outline in detail the various aspects of the educational program. The report of the principal will give specific information with regard to the status of the Marlborough schools. The intent of this report is to present the general scope of the enterprise with the hope that this will further our understanding of the school situation.

The major business supported by the people of a community is its public schools. In Marlborough, this requires the operation of two buildings which are valued at \$520,000.00. The outstanding indebtedness at the end of the current fiscal year will be \$306,145.00. The district employs twenty-five teachers, including the principal, one secretary, two custodians, and two school lunch workers. Marlborough also contributes \$19.88% of the supervisory union expenses. Transportation services are contracted for approximately forty pupils. The school lunch program serves an average of 130 lunches daily. The cost of this enterprise this year is nearly \$215,000.00, not including an approximate additional \$5,000.00 in school lunch collections.

Although the School Board sets policies and directs the administrators within the limits of the School Laws of the State of New Hampshire, the ownership of this enterprise rests with the citizens of Marlborough. Along with this ownership, there is a responsibility to invest in the kind of education which will produce good future citizens. This responsibility costs money, but it is an investment we can ill afford to ignore. For it is the purpose of our school system to provide such opportunities that

our young people may develop to the full extent of their ability, and become responsible, contributing citizens of our community, state, and nation.

There is no question that the educational program in Marlborough has improved. The curriculum has been expanded so that there are more offerings than ever before. New instructional methods designed to increase pupil understanding are used by the teachers. Up to date teaching and learning aids provide enrichment. The program has also undergone organizational changes in order to provide maximum utilization of staff and school plant. Such devices as homogeneous grouping, departmentalized instruction, dual-track secondary program of studies, and various special services have been utilized to meet student needs.

Indicating that progress has been made in our educational program does not imply that our school system has no areas of need. Special education for the mentally retarded, elementary school library services, and further expansion of the secondary school curriculum are some of the areas which need attention. Although much has been done to provide a safe and healthy environment for the elementary children, a tour of the facilities reveals many inadequacies. It is questionable as to the soundness of spending money required to remodel and expand facilities which have been in service as long as the elementary school has. Before we can intelligently decide on the proper solution to these and other problems, the development of an educational plan which will best educate Marlborough boys and girls at a cost which is reasonable must be developed and agreed upon.

In conclusion, I again wish to thank the principal and teachers, pupils and parents, the School Board and School Planning Committee, and the patrons of our schools for their understanding and cooperation.

ROGER L. SUNDSTROM,

Superintendent of Schools

**MINUTES OF THE ANNUAL SCHOOL MEETING  
OF THE MARLBOROUGH SCHOOL DISTRICT HELD  
MARCH 7, 1964**

---

Meeting called to order at 3:00 P.M., March 7, 1964 by Moderator Ralph A. Pierce and warrant read. The election officials were qualified. The moderator declared the meeting open under Article 1 calling for the election of a moderator, a clerk, a member of the School Board for two years, a member of the School Board for three years, a treasurer, and an auditor under the Non-partisan ballot system.

The meeting was further called to order at 8:00 P.M. by the moderator to act upon the following subjects. The moderator declared the meeting open for action on Articles 2 through 12 inclusive.

Article 2. Voted favorably on the motion of Alphonse A. Despres that we take up Article 2 with Article 5.

Article 3. Voted favorably on the motion of Alden J. Beauregard that we accept the reports of agents, auditors, committees or officers chosen, as printed in the annual town report.

Article 4. Voted favorably on the motion of Alphonse A. Despres that we refer Article 4 back to Article 1.

Article 5. voted favorably on the motion of Alphonse A. Despres that we take up Article 5 after Articles 6, 7, and 8.

Article 6. A motion was made by Alphonse A. Despres that the District raise and appropriate the sum of \$159,000.00 for the purpose of erecting an addition to the present high school building, for both elementary and high school use, and for reconstructing or altering the present high school building for the same purposes, and

for the further purpose of furnishing the same with equipment of a lasting character; and in order to provide the funds for such purposes, to authorize the School Board to issue and sell notes or bonds in the name of and on the credit of the District under and in accordance with the provisions of the Municipal Finance Act and any amendments thereto; and to delegate to the School Board authority to fix the date, maturities, denominations, the interest rate, or discount rate in the case of notes, and to provide for the sale thereof, or to take such other action in respect thereto as may be necessary or advisable, all in accordance with the laws of the State of New Hampshire.

The moderator declared that the vote on the above motion would be by written or printed ballot using the District check list. The result of the vote was declared and publicly announced by the moderator as follows:

Total number of votes cast	424
Votes necessary for passage	283
Votes in favor of motion	301
Votes opposed to motion	123

The moderator declared the vote as favorable and the motion was passed.

Article 7. Voted favorably on the motion of Leo H. Hackler that the School Board be authorized to execute any and all contracts or agreements necessary or advisable in connection with the construction of an addition to the present high school building, and for reconstructing or altering the present high school building and in connection with furnishing the same with equipment of a lasting character.

Article 8. Voted favorably on the motion of Alphonse A. Despres that the District raise and appropriate the sum of \$10,465.00 for the purpose of paying the principal and interest during the 1964-65 fiscal year of the District on notes and bonds issued for the purpose

of providing funds to construct an addition to the present high school building, and to reconstruct or alter such present high school building, and to furnish the same with equipment of a lasting character.

Article 5. A motion was made by Alphonse A. Despres that the District raise and appropriate the sum of \$204,436.22 for the support of schools, for the salaries of school district officers, auditors and agents, for the payment of statutory obligations of the district, and to authorize the application against said appropriation of any sums as are estimated to be received from the state foundation aid fund, together with other income, the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

An amendment was offered to the main motion by Sherman A. Lovering to strike out the figure \$204,436.22 and insert in place thereof, the figure \$216,436.22 so that the proposed new building may be properly staffed.

The amendment to the main motion was voted down by a voice vote.

The main motion was then voted favorably by a voice vote.

Article 9. Voted favorably on the motion of Alphonse A. Despres that the District elect to have its employees become eligible to participate in the State Employees' Retirement System.

Article 10. Voted favorably on the motion of Alphonse A. Despres that the District raise and appropriate the sum of one hundred sixty eight dollars (\$168.00) for the purpose of providing funds for the district's contribution to said retirement system for the 1964-65 fiscal year.

Article 11. Voted favorably on the motion of Alden J. Beauregard that the school board be authorized to make

application for and to accept, on behalf of the district, any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire.

Voted favorably on the motion of Frank Knight that the hour of 9:00 P.M. having passed that the polls be closed.

Article 12. Alphonse A. Despres thanked the townspeople, on behalf of the school planning committee, for their support of the committee and thanked the planning committee for their conscientious efforts and long hours spent on the building addition project.

No further business appearing under this article at 9:55 P.M., the moderator declared that the meeting would return to Article 1.

The polls having already been declared closed, the ballots were examined and counted and the votes for the various candidates were tallied by the moderator, in the presence of the district clerk and other election officials. # NOTES

- a. New trust funds received during the year were invested as follows:

AMOSKEAG SAVINGS BANK:	
Interest on LUTHER & MARY HEMENWAY FUND. This is interest received from the Trustees of the Luther & Mary Hemenway Fund and made payable to the Town of Marlborough, N. H. The Selectmen asked us to invest same for them. The interest earned on this interest amounted to \$44.17 and we paid this total. Excerpts from the will of the late Fred D. Hemenway who created the LUTHER & MARY HEMENWAY FUND read in part as follows: "... the income to be paid quarterly by the Trustees of the Fund (Miss Ruth E. Hemenway, daughter; Allen L. Martin, Keene; and Howard B. Lane, Keene) to the proper officers of the Town of Marlborough, N. H., to be used in their discretion for the care, comfort, and support, in sickness and in health, of the needy people of the Town of Marlborough, preference always being given to the young and to the aged and infirm of the Town ..."	
150.00	HILMA M. KUONA CEMETERY FUND: Created Sep. 2, 1964 by Mrs. Esther J. Whiteley Sweeney, Executrix (daughter) of Marlborough, N. H.; the income to be used only for the perpetual care of lot #165 in Pine Grove Cemetery.
200.00	MERRILL MASON CEMETERY FUND: Created Sep. 2, 1964 by Mrs. Elizabeth Sadoques Mason (widow of Claude F. Mason, son of Merrill Mason), 454 Elm St., Keene, N. H.; the income to be used only for the perpetual care of the Merrill Mason Cemetery lot in the East Cemetery. Headstones are marked: Merrill Mason & Ada H. Mason and Claude F. Mason & Elizabeth S. Mason.

- b. PETERBOROUGH SAVINGS BANK:  
\$17.72 Addition to the LUTHER HEMENWAY SOLDIERS TRUST FUND: During the 1964 year, this amount of principal was added and was received from the sale of 9 AT&T Rights.  
11.81 Addition to the GEORGE A. HEMENWAY CEMETERY FUND: During the 1964 year, this amount of principal was added and was received from the sale of 6 AT&T Rights.  
29.53 Addition to the BERTHA I. & FRED D. HEMENWAY CEMETERY FUND: During the 1964 year, this amount of principal was added and was received from the sale of 15 AT&T Rights.  
100.00 HARRIET E. PARKER CEMETERY FUND: Created Dec. 10, 1963 (but received by the Trustees in the 1964 year) by Arthur Olson, Jr., her attorney; the income to be used only for the annual care of cemetery lot # 135 in Pine Grove Cemetery.

- c. \$425.00 of the accumulated interest in the CHARLES C. WARD TOWN FUND was used to pay for chairs for the Municipal Building.
- d. Interest earned on the \$50,000 U. S. Treasury 71 Bonds (costing \$49,906.25) actually earned \$1,937.50 less \$90.00 bond cost of \$1,847.50—making the net amount of interest earned on the MARIA L. KIMBALL EDUCATION FUND, \$925.63; and the same net amount of \$925.63 on the JOHN H. KIMBALL CHILDREN'S HEALTH FUND.

We regret to report the death of Clifford E. Richardson, Sr. during the 1964 year. Mr. Richardson served faithfully since 1947 or nearly 18 years.

Respectfully submitted,

TRUSTEES OF TRUST FUNDS,  
TOWN OF MARLBOROUGH, N. H.  
Charles B. Knight  
Roland A. Whitney

## AUDITOR'S REPORT

# REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy — both industrial and recreational — is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area — 4,350,000 acres — is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.
2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.
3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (3) smokers. Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your very fine cooperation during the past fire season and with your continued cooperation we are confident that we can improve our fire record in 1965.
